

WELL-TALESCARSON WOMAN'S HAND

Richmond Police Hear of Scratches On Mrs. Richardson

Further Evidence of Struggle Revealed—May Have Been Inflicted When She Sought to Grasp Pollard's Gun.

(Associated Press Leased Wire.) RICHMOND, Va., Dec. 16.—A small circular spot one-eighth of an inch in diameter on the palm of the right hand at the root of the index finger where the skin had been scratched, as described by Coroner W. J. Whitfield in his report of the injury on the body of Mrs. Thelma Richardson, was being given considerable weight by the authorities investigating the shooting and killing of the young stenographer at the home of Thomas W. Pollard, real estate and insurance man on Monday. This and other scratches and cuts, Chief of Police Sherry believes, were inflicted when the woman was trying to get hold of a revolver. Two revolvers were handed to the police when they answered the call from the Pollard home after the shooting.

James Mosby West, who accompanied the woman in his car to the scene of the shooting and who was under \$500 bond as an accessory has told the authorities he did not see a weapon in her possession. Pollard, who was released on \$10,000 bond soon after the shooting and charged by a coroner's jury with inflicting the wound "in a scuffle" which caused

Child to Oppose Turkish Proposal

U. S. Delegation to Protest Against Plan to Expel Greek Patriarch From Constantinople.

(Associated Press Leased Wire.) LAUSANNE, Dec. 15.—Ambassador Richard Washburn Child, as head of the United States delegation to the Near East Conference, plans to make a protest against the Turkish proposal to expel the Greek patriarch from Constantinople, at this afternoon's meeting of the sub-commission on minorities.

First Presbyterian church—Morning and evening worship at 11 a. m. and 7:30 p. m. Rev. Ernest Thompson, of Union Theological Seminary, will preach. Sunday school at 9:30 a. m. C. P. Geoghegan, Jr., superintendent. All departments organized, and adult classes for men and women.

Harrison Exposes Slemp's Hand In Patronage Sale

Ben Powell's Bomb Goes off in the House But He Is Not the Man Who Explodes it—Harrison Shows the Evidence.

WASHINGTON, Dec. 15.—In a parting shot at his Republican foe, just before they ousted him late today from the House of Representatives on the ground of election irregularities, Representative Thomas W. Harrison, Democrat of the Seventh Virginia district, charged that the state was based on patronage, and then proceeded to read letters which he declared "proved incontrovertibly" that patronage had been sold there.

Amid the utmost confusion in the chamber, Mr. Harrison declared that the state was based on patronage, and then proceeded to read letters which he declared "proved incontrovertibly" that patronage had been sold there.

Mr. Harrison asserted that the people at the head of this whole business is the distinguished member from

CHALLENGE LODGE'S SEAT

Charges Stepmother With Murder

Hazel Brunen, 15-year-old daughter of the slain circus king, "Honest John" Brunen, threw the Mount Holly (N. J.) courtroom into an uproar when she accused her stepmother, Mrs. Doris Brunen, and Harry Mohr, brother of Mrs. Brunen, of having plotted to kill her father.

Ben Powell Won't Discuss Yesterday's Political Rumpus

Gretna Man Was in Washington Yesterday But Declines to Make Statement About Judge Harrison's Expose.

Ben R. Powell, of Gretna, refused today to comment on the occurrence which took place yesterday in the national House of Representatives when his name was mentioned by Judge Thomas W. Harrison in a lengthy debate in which he took a parting shot at his Republican foe who voted to unseat him in his contest with John Paul, of the Seventh Virginia District. While the Republicans voted to seat Paul, Judge Harrison was elected to Congress by a sweeping majority on November 7th.

Mr. Powell was reached at Gretna but he said that he could not enter into any discussion of the matter over the telephone but intimated he might be heard from later after he has discussed Judge Harrison's utterances. It develops that Mr. Powell was in Washington yesterday.

Local Republicans read with interest the sensational proceedings of Congress yesterday in which Judge

Mayor of Stuart Cleared of Charges

J. P. Burton and Constable Phillips Indicted in Theft of Liquor Show Clean Bill of Health.

The theft of 50 gallons of liquor from the office of Mayor F. P. Burton, of Stuart, has resulted in sensational developments which came to light today. Included in the developments was the indictment of Mayor Burton by the Patrick grand jury on the charge of aiding and abetting the removal of the liquor. The case was heard by Judge Clement, but the state's case was so obviously flimsy that the court threw the case out of court exonerating completely the mayor and Constable R. C. Phillips, who was indicted with him.

Record of the theft was printed several weeks ago. When Judge Clement convened the Patrick grand jury a few days ago, it developed that the grand jury had read the record of the newspapers and he felt out of consideration to the officers who have access to the mayor's office and to the community in general it should be investigated by the inquisitorial body.

Returning to his room with this charge it is understood that a lively session developed, one which found the grand jury badly divided on the question. The first upshot of the whole affair, however, was the indictment of the mayor and Phillips on charges of aiding and abetting in the removal of the 50 gallons of liquor and the indictment of Hunter Eanes, charged with the actual theft.

Upon the presentation of these indictments which caused something of a stir in the community, Mayor Burton and Constable Phillips presented themselves and demanded trial. The case was put before Judge Clement and not a jury and two witnesses

Tudor Fined \$10 For Assault On Charles H. Gunter

Walter P. Tudor was this morning fined ten dollars and costs for an assault on Charles H. Gunter early yesterday morning at the entrance of the Miller building. The fight was the result of a civil matter between the two men, both being in the insurance business. At the outset Tudor sought to have the case continued pending disposition of civil action which he said he would bring against Gunter, but he was told that this would have no bearing on the criminal charge and the court proceeded with the case.

Mr. Gunter, bearing a number of bruises about the face, testified that he was going to his office with some letters in one hand and his overcoat over the other arm, was approached by Mr. Tudor and asked "What about the Smith case?"

"I was through with that long ago," he said.

"What did you do with the commission?"

"I spent that long ago," the witness said, he replied.

The witness said that Mr. Tudor replied, "That's no way to do business," and assumed a menacing attitude.

Mr. Gunter said that he saw that an attack was impending and that he stopped back to avoid a blow and fell backward over a step and when he did so Mr. Tudor sprang on him and struck him a series of blows.

Mr. Tudor testified that some time ago a man named Smith called at his office to see him about a loan some real estate. Tudor told him that he was behind but that he would get the money for him and called up Mr. Gunter. He says an agreement was made about the brokerage, which he says is permissible. He said that Smith secured the money and some time later he asked Gunter about his commission but was given no satisfaction about the matter. Tudor said that yesterday he met Gunter in front of the building and again asked him about the Smith case. He said Gunter told him the money had been paid and that he had spent it.

"When are you going to pay me?" Tudor asked.

"Sometime, sometime," he said Gunter replied.

"That's a method of doing business and does not meet with my approval."

"What are you going to do about it," the witness quoted Gunter as saying.

"I believe I can punch you in the face," Tudor said he replied, stating that Gunter then invited him on the inside and that he went in and the fight took place. Mr. Tudor contended that Gunter attempted to strike the first blow.

Gunter contends that rules of the insurance company do not permit a commission in a case of this sort. He charged that Mr. Tudor tried to get his job but that he was unsuccessful.

There were no eyewitnesses to the fight and although several appeared as Mr. Tudor had ceased to pommel Mr. Gunter and was getting up, leaving Gunter on the floor bleeding from the wounds.

Mr. Gunter said that he was not satisfied with the outcome of the attack and although several appeared as Mr. Tudor had ceased to pommel Mr. Gunter and was getting up, leaving Gunter on the floor bleeding from the wounds.

First Step Taken To Declare Vacant Senatorial Post

Dr. Edmunds Lets Contract For His Handsome Home

The contract was let this morning to Anderson and Hunter, contractors, for the building of a new and handsome home for Dr. and Mrs. T. W. Edmunds on the Stokesland road. Dr. Edmunds acquired some time ago a ten-acre tract a short distance beyond the pretty bungalow of David Jones and it is here that the new country home will be erected. The plans call for a two-story building of white brick with a frontage of 84 feet and a depth of 48 feet. It will stand in a pretty grove some distance back from the road and promises to be an unusually attractive and handsome home. The estimated cost of the building, it is learned, will be about \$35,000. Work is to be started at the earliest possible moment and will not be delayed until Spring.

This is the first concrete evidence of building in the Stokesland vicinity. It has been reported that several people have acquired land with the idea of building summer homes close to the golf Club which is growing in popularity.

Missing Woman Found Slain

MISS MARY NEAL DIES IN SARANAC, N. Y.

News was received here this morning of the death at Saranac, N. Y., early today of Miss Mary Neal, daughter of Mr. and Mrs. J. E. Neal of this city. She had been in ill health some time and only a week ago went to the well-known health resort in the hope of being benefited there. She stood in journey well but yesterday urgent messages came stating that her condition had become very serious and upon receipt of these her brother, James Neal, left last night.

Have Women Gone Too Far?

Has the "freedom" they fought for and won defeated them? Will their former weapons—charm—ever be their's again? Does their new emancipation portend the destruction of the race?

Elmore Glyn, famous novelist and world-wide authority on feminism answers these questions and a score of others that center about the new freedom of modern woman in an extraordinary article "Have Women Gone Too Far?"

SUNDAY, DECEMBER 17TH.

THE DANVILLE REGISTER

PLAN CENSUS OF BLIND PEOPLE IN THIS STATE

The Virginia Commission for the Blind is undertaking at the present time a census of the blind people in this state. J. B. Cunningham, of Pamplin, field agent for the commission, and himself sightless, arrived here yesterday for the purpose of finding exactly how many blind people there are in this community. Mr. Cunningham hopes to visit each one and to secure answers to the questionnaire which he carries. The answers to these interrogatories are set down by Mr. Cunningham in a book and are later transcribed into a visible report for the Virginia commission.

Mr. Cunningham who graduated at the Staunton School for the Blind and at Hampden-Sydney College says that in the Virginia census the number of blind people usually runs around one to each thousand of the population. He is stopping at the Y. M. C. A. and he is appealing to Danville people who may read this to let him know the names of blind people in order that the local field agent may be thoroughly canvassed.

It is understood that a comprehensive preliminary report will be laid before the General Assembly at its next session providing vocational training for the adult blind and other measures which might enable them to enjoy life more. This is one purpose of the present canvass.

RICHMOND CHOSEN
WINSTON-SALEM, N. C., Dec. 15.—Richmond, Va. was chosen for the next meeting place of the annual convention of the Southern Hotel Association, composed of hotel men of North Carolina and Virginia, which was opened here today.

DR. BELL'S Pine-Tar Honey

A balsamic Syrup reduced by 3 generations

For Croupy Coughs and Colds

Mother for years have relied upon this dependable prescription of a family physician to break up alarming, croupy coughs. You can depend on Dr. Bell's during long night-attacks of coughing. It loosens hard-packed phlegm, relieves congested areas and stops coughing. Children like this good old pure syrup of pine-tar honey. At any drug store.

Refuse substitutes. PINE-TAR HONEY. Insist on DR. BELL'S.

THE FIRST YEAR DELIGHTS LARGE AUDIENCE HERE

A large, intelligent and thoroughly pleased audience witnessed, laughed heartily at, and applauded the magnificent production of the "First Year," a comedy-drama of domestic life from the pen of Frank Craven. It was a realistic view and hardly at any moment or in any detail an exaggeration of the serious and humorous life of other young people who marry, and in its denouement it suggested a physiological-psychological and withal natural explanation of much of the storminess and near-wreck of many marriages in the initial year. In a word, the play itself is constructed on scientific lines, perfectly familiar to medical scientists and family physicians. Yet there is no vulgarity, no suggestion of the salacious or unclean which many have attributed to some stage productions. The reception of the play by a mixed audience of average types sufficiently demonstrates that people generally relish sensible sermons and are willing to pay for them when the lessons are sugar-coated with real and clever comedy in dialogue and action.

Mr. Golden, who has won sudden and wide popularity by the successful exploitation of his theory that no censorship of the stage will be necessary if the patrons of the theatre are given clean and bright comedy interpreted by really capable actors. He is the author of "Lighting" and of other comedies of the same type which have great runs in all the cities and have conclusively demonstrated Mr. Golden's theory of auto-censorship in the form of demonstration that clean and wholesome comedy and drama will draw even when mingled with an element of seriousness and instruction.

The smooth and brilliant interpretation of the author's work and the producer's theory of popular entertainment is attributable in great measure to the uniformly capable cast to which the producer has entrusted the portrayal of the roles. Such names as John W. Ransome, Fanny Rice, Ray L. Royce and others are familiar and need no commendation. Their experience and established reputation are sufficient assurance of their work. But these veterans share honors with the younger actors in the cast. Ruth Gordon, Ingoussie, and Tom Cady. Mr. Kelley was a screen in his conception and interpretation of the diffident lover, the jealous first-year husband and the really manly type often concealed under the guise of diffidence, effeminacy and the whimsical given the occasion for his handsome handling of the difficult phase of the role. Mr. Cady as "Dick Loring" portrayed the self-confident pretender and type which too often attracts young girls when better types of men are introduced. Mr. Kelley as himself was a screen in his conception and interpretation of the diffident lover, the jealous first-year husband and the really manly type often concealed under the guise of diffidence, effeminacy and the whimsical given the occasion for his handsome handling of the difficult phase of the role.

Nothing in the play was more dramatic than the familiar old-time type of "First Year" in the comedy role of Mrs. Livingston, and in the rare fidelity of Ray L. Royce to a type of lovable old bachelor-doctor all too rare in real life. In the opening act these three contributed to a charmingly natural denouement of a comedy in the homes of elderly couples and of the large sympathetic and intelligent analyses of conditions by certain lovable types of elderly men like that portrayed by Mr. Royce.

Featured in the play is Miss Gordon, who looks the part, whose presence in the play is a strange, difficult type of young wifehood was admirable. It is an excellent role and even through some may fancy she overdid the role, a discerning element of the audience know she did not. She acquitted herself brilliantly in the trying situation.

Mr. Golden has won many adherents for his theory here that audiences constitute the most real and effective censors. He has demonstrated that prudency, salacious and vulgarities that verge on positive vulgarity are not essential to public entertainment.

LARGE SHIPMENT FROM LOCAL RED CROSS TO EAST

Mrs. Herbert M. Martin, in charge of the local chapter of the Red Cross yesterday announced that twenty-two burlap sacks filled with clothing for sufferers in Smyrna, have been shipped from Danville, via New York to Athens, where it will be taken charge of by a contingent of Red Cross workers in that place.

The shipment from Danville consisted of seven hundred old garments and one hundred new dresses and such a handsome contribution was the result of efforts by all the churches in the city in fostering the movement to collect clothing for shipment to the suffering thousands in the Smyrna district.

The movement will be continued after Christmas and will again be under the supervision of the churches.

HOSEA FOGEL ILL
PHILADELPHIA, Dec. 15.—Hosea S. Fogel, former president of the Philadelphia National League Baseball Club and widely known as a former baseball writer and team manager, is seriously ill at his home here. He was offered a stroke of paralysis yesterday.

ECZEMA A YEAR CUTICURA HEALS

On Hands and Feet. In Blisters. Itched Awfully.

"I was troubled with eczema on my hands and feet. It began with an itching around my nails, which grew worse and broke out in blisters. It itched and burned awfully, especially at night, and my feet got so sore I could not wear my shoes."

"The trouble lasted about a year. I read an advertisement for Cuticura Soap and Ointment and sent for a free sample. I purchased more, and after using one cake of Soap and one box of Ointment I was healed." (Signed) Miss Mattie Butts, Rt. 3, Raymond, Miss.

Use Cuticura for all toilet purposes.

Sample Each Free by Mail. Address: "Cuticura Laboratories, Dept. B, Malden, Mass." Send 3¢ stamp. Cuticura Soap shaves without need.

"Dope King" May Yield Clue

By ALEXANDER HERMAN
(Special to The Bee.)
NEW ORK, Dec. 15.—Enmeshed in the web of his own spinning, a man who, the police says, has been the master mind of a nationwide dope ring, has given the authorities here a clue which may lead to the solution of the Taylor murder case and a national clean-up of hundreds of drug users from New York to Hollywood.

Nine persons, connected with the theater, are involved. Four, including a playwright and a popular writer, are in New York. Another is in Atlantic City and the rest are scattered over the country. A well-charged, has been the western agent for the ring.

All were dependent on the leader here who sent out his spies from his Greenwich Village flat.

Likened to Spider.

According to the police who arrested him William Williams, 42, is the spider who spread the web that caught thousands in its threads.

And held them there.

In a signed statement made to the police when he was caught, detectives charge Williams said that he was an Englishman who came over as a coffee blender. While engaged in that trade he met many seamen who were drug smugglers. Their cases opened up a new field for him, which grew so rapidly in the past 20 months that it reached out clear across the continent.

Made Victims Agents.

"He had the faculty," says Dr. Careton Simon, special deputy police commissioner in charge of the narcotics squad, "of making his victims agents. They seemed so pleased with his services that they would pass the word along to their friends and take their orders for drugs."

Thus the ring grew.

There would be no direct reference to cocaine morphine or heroin in their orders. But there would be requests for "25 grams of herring," another "keg" of stuff, and "M stuff," meaning morphine.

Some of the letters seized at Williams' home, together with \$50,000 worth of narcotics, bore the signature of "E. Nesbitt."

"When you come again to Atlantic City," read one, "it is always well to bring fresh parts for the car. Those last 'spark plugs' seem to be of an inferior grade—even break."

Commissioner Simon explained that "spark plugs" referred to hypodermic needles. These were also referred to in other letters as "spikes."

Miss Evelyn Nesbitt, the actress, says she knows nothing of the affair and that her name has been used on several former occasions by other persons.

With the completion of an investigation in the Hollywood activities of

Sunday school at 9:30 a. m. A. D. Keen, Superintendent. Men's Bible Class taught by Rev. Chas. G. Evans. Epworth League at 6:45 p. m.

At the First Baptist Church Sunday morning and evening the choir, under Director W. H. Parker, will render Christmas music. The pastor's subjects will be "Mysterious Meat" and "Did God Do It?" Supt. C. B. Clements of the Sunday school invites all who desire to have a part in a well-managed school, to visit and to join the Sunday school. The Young People of the church conduct their meetings at 6:30 in the evening. These meetings are open to the public.

There was considerable discussion over the need of a new courthouse and a committee was appointed to study this question and to make a report next meeting. Several attorneys who were heard on the question expressed the view that while the enlargement of quarters of the clerk of the court is needed badly it would be unwise to advocate the expenditure of more money on the building as it stands now.

Moffett Memorial Baptist Church. C. J. D. Parker, Pastor. Sunday school 9:30 a. m. T. W. Wilkins, Superintendent, preaching 11 a. m. and 7:30 p. m. Morning subject, "The Religion of the Heart." The three young peoples meetings, Senior, Intermediate and Junior at 6:30 p. m. A cordial welcome awaits all, to all the services of this church.

Keen Street Baptist Church. Rev. J. Claude Holland, Pastor. Sunday school at 9:30 a. m. W. C. Chany, Superintendent. Preaching services at 11 a. m. and 7:45 p. m. by the pastor mid week prayer services Wednesday night at usual hour.

Cabell Street Methodist. Rev. O. B. Newton, Pastor. Largest Sunday school in the city meets at 9:45, organized department classes. Baraca class for young men. Brotherhood Bible class for men meets at 10:15, subject, "First Things First." Splendid school orchestra under the leadership of Dr. Raymond Scroggs. Illustrated sermon for children and young people by the pastor at 11:15. At 7:30 the pastor will preach, subject, "Spiritual Vision," prayer services at 8 o'clock.

Since the church was organized, services have been held in the Beth Sholem synagogue on Sutherland avenue.

Second Street Church (Catholic). Holybrook and Ross Streets. Rev. A. J. Hahlebach, pastor. Mass on Sunday at 8 and 11 a. m. Sunday school 9:30. Mass on Christmas morning at 6, 7 and 8. Christmas collection of the orphans.

Rev. J. W. Link of Newmarket, Va., has accepted the call tendered him by members of the Lutheran church in this city. He will be here early in January to take charge of the pastorate which was established several months ago. Rev. H. A. Schroeder who came here from South Carolina as a supply and whose health broke down while here has left here and gone back to his home.

Rev. Mr. Link is a graduate of Roanoke College and has impressed members of the local congregation who have come in contact with him. One of the tasks before the church during the coming year will be establishment and erection of a church. A location is being sought at the present time and building will be seriously considered, it is said, in the coming Spring. Since the church was organized, services have been held in the Beth Sholem synagogue on Sutherland avenue.

D. M. I. MILITARY PROGRAM PROGRESSING
Danville Military Institute's Cadet Corps had on yesterday its last general inspection before the Christmas holidays. Equipment is now practically complete, and the corps presented a trim, well organized appearance. Cadet officers were appointed some days since, and will be subject to reappointment in early February. Those who won marked honors recently were as follows: Oren S. Holder, Captain; Richard E. Dunkley, First Lieutenant and Adjutant; Burton J. White, First Lieutenant; Richard Spessard, Second Lieutenant; Frank Jones, First Sergeant. Close order drill will be finished within six weeks after the holidays, after which extended order, target practice, and bayonet drill will be the next objectives. It is contemplated that there will be quite a few additions to the corps after the holidays, which will begin on Thursday, December 21st at noon.

ALTOONA, PA., HAS FIRE
ALTOONA, Pa., Dec. 15.—Five business buildings at Juniata, a suburb, were destroyed by fire today with a loss of \$200,000. Low water pressure, due to the drought, hampered the work of the firemen.

AMERICA MAY BE WILLING TO FORGO INTEREST ON DEBT

BY DAVID LAWRENCE

(Copyright, 1922, by The Register)

WASHINGTON, Dec. 15.—America may be willing to forgo the interest on the war debt of those countries in Europe which are unable to pay for several years to come. The proposal will not be cancelled or reduced.

This contribution to the stabilization of the world's economic crisis is under consideration, but it will be done only if European governments pursue a policy which this government believes will accomplish the desired readjustment in Europe. The steps in the order in which they should be taken are these:

First, all the powers should reach at once a definite agreement as to the amount of reparations Germany should pay annually. America's economic experts believe \$500,000,000 is the limit of Germany's ability to pay that approximately twelve billion is the total sum that Germany can and should be made to pay. France should be willing to agree to renounce her claim to any sum above that.

Second, once the reparation sum is fixed, the world will be ready to consider an international loan such as was proposed by the International Bankers' committee a year ago which J. P. Morgan and other financiers attend. This loan would not necessarily require the guarantee of governments but would need the assent of the Allied powers to regard it as a prior lien on Germany's assets.

Third, such a loan would assist Germany in the purchase of foodstuffs and would tend to raise the value of the German mark and thus keep German capital in Germany for self-development instead of outside Germany in the investment markets of the world. The United States government would not subscribe to the loan but the American investor would have the same opportunity to buy the reparation bonds at a good rate of interest as he has today other foreign securities. The value of such a loan, however, would be enhanced through the moral support of America and particularly through such contribution as the United States may make to the easing of Europe's burdens through the postponement or cancellation of interest on the Allied war debt.

Fourth, cancellation of the interest would never be postponed without something in return, namely, assurance that Europe would make a real effort to pay the principal of the \$10,000,000,000 war debt and the only assurance which would be convincing here would be a reduction of land armament. The American government cannot ignore the fact that there are from three to four million men under arms on the Continent of Europe and that 95 per cent. are troops of the Allied powers. Reduction of land armament would make more money available for productive purposes and more for the meeting of payments on the principal of the war debt.

As for cancellation of the principal, no doubt exists here that a steady propaganda has been conducted by Europeans to impress American with the need for remitting the Allied war debt as a means of adjusting the reparations problem. But the matter of reparations and the war debt of the Allies are to be treated separately and the American government hopes that Europe is by this time rid of the illusion of cancellation. American sentiment, it is pointed out, by officials, would not support the fact that the most that can be foreseen is a willingness on the part of the people to continue to forego the interest as they have been doing since the armistice. Some of the nations of Europe—one or two of the smaller ones particularly, can in a few years begin paying their interest and principal. Some cannot. No general rule can be established for all local situations in each country. It may be wise to forego the interest in some cases altogether. In others it may be necessary to cancel the interest for five and ten years—possibly some of the interest already accumulated since 1918—and start with a clean slate of annual payments meeting the principal from a definite date, say 1924 or 1926.

Although this doesn't mean cancellation of the principal it does in practical effect reduce the financial burden of the Allied powers by cutting down the sums they would otherwise have to pay to the United States. The United States would be giving up about \$500,000,000 annually and for this sacrifice disarmament undoubtedly would be demanded. In support of the plan to cancel the interest, however, it is pointed out that the United States stands no chance of collecting \$10,000,000,000 plus an annual interest charge of \$100,000,000 and that much more good will and economic stimulus could be achieved by recognizing that fact in a broad generous way than by holding it over the heads of European governments. Indefinitely Another thought on the same connection is that the American demand for placed before humanity in the light

Ball Magnates Meet In New York

Johnny Evers, "Kid" Gleason and Eddie Collins (left to right) chatted around with Judge Landis during the New York baseball meeting. While they talked some baseball, there was much more talk of the old golf game.

of a money-lender who exacted interest which in itself would amount in time to the total sum originally advanced. If the United States got back its ten billion it would be getting more than many economists have figured was possible.

But before any readjustment can be made, Europe must understand that the United States doesn't mean to be drawn into any intrigues for the acquisition of territory or the re-annexation of Germany. The apparent readiness of France to recede from her threat to invade the Ruhr valley is unquestionably an indirect result of the changing attitude through diplomatic channels abroad of the American attitude. The big fact is that America wants to help and if foregoing the interest on the Allied debt either for a period of years or permanently, and enable Europe to supply itself with foodstuffs and raw materials necessary for industrial recuperation, such a proposal may be laid before the Congress committee created by Congress definitely embodied in an agreement. Such a step would instantly assist in improving European credit and pave the way for an international loan. Everybody here is not agreed upon the wisdom of the step as Europe must do her part first but that is the first tangible offer nevertheless of American aid which has been made thus far.

LABOR BOARD UPHOLDS STAND

CHICAGO, Dec. 15.—The United States Railroad Labor Board in a decision issued today, upheld its former stand in denying maintenance of pay for railroad workers during the time and one half after eight hours work and on Sundays and holidays.

By the board's decision the present ruling of a pro-rata rate for the ninth and tenth hours and time and one half after that hour is upheld. A request for a ruling on contract work, the decision stated, had been answered by previous decisions. These declared such contracting attempts to avoid the provisions of the transportation act.

Rulings favorable to the employees were contained in the decision in that employees' time must start at an hour designated as starting point and supervisory forces shall be compensated on the same overtime basis as the men supervised when the general force is required to work in excess of eight hours. The ruling also applies to foremen employed on a monthly basis.

In a dissenting opinion A. O. Wharton called attention to discontent and unrest among railroad employees which an examination of the decision issued during its existence that represented any betterment of their conditions or employment.

Chairman Ben W. Hooper, while agreeing with part of the dissenting opinion, declared this discontent among the employees was not impressive.

In view of the sufferings and losses of the farmers and laborers of the country from which railroad labor has been largely exempt, the railway employees could consistently subdue their unrest and devote their enthusiastic efforts to the service and the people who are paying for it, he said.

SAYS BRAZIL IS NEGLECTED

LONDON, Dec. 15.—Brazil has been neglected by the British nation, according to Sir John E. Thompson, and the American tariff is a real American export to that South American republic.

Sir John has just returned from a tour of Brazil and speaks glowingly of the latent possibilities of the country. "Brazil is virtually as large as Europe and there are only about 15,000,000 inhabitants. There is a growing wealth in natural resources, and there are vast areas in Southern Brazil suitable for stock-raising, where the climate conditions are good for Europeans, and wheat farms were established before the war. Then again, the extent of Brazil's mineral wealth is of enormous dimensions at home. It has probably the richest iron deposits in the world, besides diamonds and other precious stones. There are big means of development."

Sir John expressed the opinion that the manufacturing and engineering industries of Great Britain are doing badly in the American market, especially as the exchange put down. Besides removing some of the tariff there are under a hundred thousand British firms, he said, who are doing business in Brazil.

He also pointed out that the United States is a big market for British goods and that the American tariff is a real American export to that South American republic.

DESIGN BILL TO PROTECT FARMERS

WASHINGTON, Dec. 15.—A bureau of what people insurance to protect farmers from unreasonable low prices for their products would be provided under a bill introduced today by Representative Stephenson, Republican, Minnesota.

The bill would create a revolving fund of \$100,000,000 for purchasing, storing, transporting and storing wheat and its products whenever necessary to protect against depression or fluctuation in price, or unjust marketing manipulations which would tend to depress the value of the United States wheat and its products.

Under the bill the Secretary of Agriculture before planting season each year would determine the insurable value of the various classes and grades of wheat to be raised the following year. The bill would then authorize the government to purchase the wheat at a price not less than the insured value plus a reasonable profit added. The value of wheat price insurance would be fixed at a reasonable rate of premium.

The bill would also include New York, Pennsylvania, New Orleans and Baltimore.

ROY ADMITS HE SHOT HIS SISTER BY ACCIDENT

MINNAPOLIS, Minn., Dec. 15.—Roy, the son of the late Walter Roy, who was shot and killed yesterday, admitted today that he had shot his sister by accident.

The boy, who was 14 years old at the time of the shooting, said that he was playing with a gun in the yard and that he had fired it without knowing it was loaded.

The boy's father, Walter Roy, was a well-known local figure and his death was a great shock to the community.

TELLS OF HER PLOTS TO KILL HER HUSBAND

DETROIT, Dec. 15.—Examination of Mrs. May Ford, accused of plotting the death of her husband, N. J. Ford, was adjourned until tomorrow by Judge Weston, in recorder's court, for the start of the testimony of the alleged conspirator. Mrs. Ford testified to details of the alleged conspiracy. Adjournment was ordered after counsel for Mrs. Ford asked dismissal of the charge on the ground that no overt act had been proved.

Kunath testified that, posing as a professional gunman, he and a man named Burton met Mrs. Ford in an apartment house and that there she laid before them plans for killing her husband.

"You need not be afraid of him; he's only a little fellow; I could lick him myself," Kunath quoted Mrs. Ford as saying. "You can get him by hiding in the barn. Just rattle him in the jaw, wrap him in hay and take him away. When you get him 20 or 30 miles from the farm burn him up. You will have gasoline and it will be easy."

Kunath testified Mrs. Ford said there would be \$20,000 for him "after the job was done."

CURE FOR WAR RECOMMENDED

INDIANAPOLIS, Ind., Dec. 15.—A fellowship between nations as a cure for war was recommended at the closing session of the annual meeting of the executive committee of the Federation of Churches of Christ in America here tonight by Bishop Charles H. Brown of Buffalo, N. Y., formerly chief chaplain of the American Expeditionary Forces.

"The fellowship between nations," he said, "must be controlled by love, joy, peace, good temper, kindness, generosity, fidelity, gentleness, and self-control. These are the virtues of the representatives of the nations, in view of the impossibility of conferences of the nations themselves, are the greatest instruments for the promotion of good will and peace between nations."

"It is the duty of the church to aid the government in giving practical expression to the accepted fact of the community of nations. Should the churches agree on a way of reaching this end, the foundation and perpetuation of their thought is a natural outcome of democracy, liable to no resentment, but capable of great usefulness. I am expressing the thought of multitudes of American Christians when I express the hope that our government might give the country a clearer idea of its mind on the community of nations."

Bishop James Cannon, Jr., of the Methodist Episcopal Church South, in speaking of the political situation in the Near East and the Lausanne conference said:

"I register my protest against a policy of American neutrality in European affairs that is so heartless and impotent that it cannot even begin to protect the helpless and prevent massacres. Such a policy is a disgrace to a Christian civilization. Our people, sent to the Lausanne conference, should demand as well as observe and defend the principles of justice and peace."

The Bishop, representing the Near East Committee of his church said he was at Constantinople while the city was burning and witnessed the distress of deportation Christians.

Relief For Farmers Soon Is Predicted

WASHINGTON, Dec. 15.—The National Convention of Farmers' Cooperative Association was told by Secretary Hoover today that the farmer had a right to demand relief from the financial troubles by which he is handicapped. The secretary predicted that action soon would be taken to provide this relief in a substantial and satisfactory manner.

Both Mr. Hoover and Senator Capper praised the work done by the cooperative associations, the farm bloc leader declaring that no agency had done more to pull the farmer out of the hole in which he found himself a year ago.

The Commerce Secretary asserted that the farmers had a special right to consideration because the index prices of all manufacturing and industrial groups show that none of them has suffered so heavily as the country's agricultural interests. Farmers' buying power, he said, had declined far beyond the point justified by the conditions in other industries. He added that agriculture had suffered more than its lack of transportation facilities than from increased rates and said it was necessary that the country could have more extensive railroad assistance, but that the railroads could not be allowed a sufficient return on investments.

Senator Capper, during his short address, did not go into details regarding the various farmer relief proposals now pending in Congress, but he asserted that the real plight of the farmer was being brought home to Senators and Representatives and the time was not far distant when action would be taken commensurate with the needs of country.

Eugene Meyer, director of the War Finance Corporation, also told the convention that relief measures were necessary, and joined in paying tribute to the war co-operative associations have played in restoring financial stability. No other factors, he said, had contributed so much toward the general financial recovery from the low point of a year ago, because the co-operative organizations had provided an element of stability of which the financial world at large was greatly in need.

RUSSIA SOON WILL EXPORT GRAIN ANEW

MOSCOW, Dec. 15.—Export of Russian grain by use of foreign capital was advanced in a report to the central executive committee of Soviets—workmen and peasants parliament—at its last sitting in this city.

The linking up of the rural economy of Russia with foreign markets is looked upon by Soviet officials as a means of bringing into the country foreign capital which would help in the reestablishment of both agriculture and industry.

This year's harvest of grain has yielded 47,000,000 tons, which is about 13,000,000 tons more than last year, and 20,000,000 tons less than the pre-war production. Allowing 7,000,000 tons for sowing purposes, 23,000,000 tons of the needs of the peasants, and some 2,000,000 tons for the needs of the towns, there is a balance of over 8,000,000 tons the greater part of which, according to the report, could be used for export in pre-war times. Russia exported yearly over 12,000,000 tons of grain, or 15 per cent. of her production. Since then the sowing area has diminished from 22,750,000 acres in 1918 to 13,000,000 acres in 1922, while the number of livestock has fallen materially.

GERMAN STRIKE CAUSES LOSSES IN FOOD SUPPLIES

DUESSELDORF, Germany, Dec. 15.—With pleas for winter food supplies coming in from all over Germany, 400 carloads of potatoes were permitted to freeze in the railroad yards here because of a strike of transport workers. The station warehouses also became congested with goods, and for a time all of the Rhinish-Westphalian industry was threatened with great losses on account of the tie-up. The issue centered primarily in the question of wages.

State Rests In Bruen Case

MOUNT HOLLY, N. J., Dec. 15.—The state rested its case today against Mrs. Doris Bruen and her brother, Harry C. Mohr, charged with complicity in the killing of "Rooster John" Bruen, carnival owner.

"We've won," Mohr said to Mrs. Bruen as the court adjourned. "The case is not strong enough."

Tomorrow the jury will visit Riverside, N. J., where Bruen was shot on March 19, as he sat at the window of his home, and the Cambridge trolley station, where Charles M. Powell, confessed slayer, said he met Mohr after the shooting.

The principal witnesses today were Mrs. Elizabeth Jaeschke, sister of Bruen, and Detective E. H. Parker who made the arrests. Mrs. Jaeschke said Bruen was "lured by his wife." Justice Kallison refused permission to introduce a letter alleged to have been written by Bruen to Mrs. Jaeschke six weeks before his death, saying his wife wanted to put him "out of the way."

Arthur Stetler, postmaster at Riverside, testified Mohr had in his possession two bank notes alleged to be bloodstained two days after the death of Bruen. The Riverside chief of police, another witness said that when the body of Bruen was examined several blood-stained notes had been turned over to Mrs. Bruen.

Lady Astor Is Howled Down During Speech

LONDON, Dec. 15.—(By The Associated Press)—Lady Astor was howled down several times during a speech today before a conference of the National Unionist Association and during the tumult one delegate shouted to her to "go back to America."

The speech aroused much ice in the meeting and only the arrival of Prime Minister Bonar Law ended the discussion and the stormy scene of which Lady Astor was the center. Speaking on a resolution introduced by another Unionist member advocating a campaign of economics among the young to refute "the insidious and incessant socialist propaganda."

Lady Astor threw the first bomb when in referring to the conservatives she said:

"We have members living in more than one house and they don't realize the conditions of people living in two rooms. It is said that teachers are socialists. I don't blame them."

"Disorder" followed these remarks and there were cries of "shame" and "withdraw." While one delegate shouted, "go back to America!"

Lady Astor shouted back "you are worse than the labor party. Shut up. If you don't shut up you won't be able to hear what I'm saying."

Afterward there was further howls from her hearers and Lady Astor retorted "It is very unfortunate to be howled down at your own party meeting. After all, I've never shown any lack of courage in fighting the two forces—either the bolsheviks or the reactionaries."

Lady Astor then proceeded to speak

Y. M. C. A. Activities

A game with the Spray Y. M. C. A. team has been arranged for Saturday night, Dec. 23, to be played on the Municipal Hall floor, and other games will be played on an average of one per week. If the attendance warrants such a schedule. Games with Greensboro, Winston-Salem, Durham and Lynchburg Elks are in prospect and the basketball fans can be assured of some fine contests of course these games will all depend on the support that is accorded the team by the fans.

On Dec. 18, the Mt. Vernon team plays the Baptist and Calvary play Sled Memorial in the Senior S. S. League. These two games being of interest to all followers of the Sunday School League games.

On Dec. 21, Presbyterians play Episcopal and Christians play Cabell Street. After this game, there will be no other games in the league until January 4th, 1923.

Baker's Cocoa

is the ideal drink for growing children

Not only does its delicious flavor and aroma appeal to the palate but it supplies the body with a considerable amount of pure, wholesome and nutritious food.

Children, owing to their almost constant activity, frequently require a large amount of nourishment as adults, and good cocoa is a valuable aid in the carefully arranged diet. But its quality must be good and no cocoa can quite so well meet the requirements of children, physicians, nurses or housekeepers as "BAKER'S."

S. I. A. Splits On One-Year Rule

GREENVILLE, S. C., Dec. 15.—With the so-called one-year playing rule the rock upon which it split, the Southern Intercollegiate Association, for thirty years, a powerful influence in Dixie athletics, today lost from ranks the members whose athletic teams have been shining lights in southern sports. There teams, in the future, it was announced, will owe allegiance to the comparatively new Southern Intercollegiate Conference. Six members of the association, at the afternoon session of the twenty-eighth annual convention here, today announced their formal withdrawal. In keeping, it was stated, with an agreement made at the recent meeting in Atlanta of the S. I. C. They were Georgia Tech, Clemson College, The University of Florida, University of South Carolina, University of Alabama and Louisiana State University. Other members of the conference, it was declared at the meeting, will withdraw, but, for having representatives here at this session, the actual withdrawal procedure was deferred.

The controversial one-year rule was modified today by the association, to permit the playing of freshmen by the mutual consent of the opposing teams. This modification is to be in effect two years. Another rule adopted prohibits the playing of graduate students, who are taking post graduate course, exceptions being made to the graduates now in school.

Seven other members of the association expected to announce their withdrawal at once, it was said. These are Auburn; Georgia; Kentucky; Mississippi A. and M.; Tennessee; Tulane and Vanderbilt, none of whom was represented at today's session. Withdrawal of the fourteen Southern Intercollegiate Association teams leaves sixteen of the smaller colleges and universities in the Southern Intercollegiate Association.

In announcing the withdrawal of the conference members, Professor D. F. Henry, of Clemson College, addressed the convention just before a vote on modification of the one-year rule was to be taken. He said that the action was taken as a result of an agreement made at the recent conference meeting in Atlanta the largest institutions feeling that membership in only one association was inadvisable from an economic standpoint.

The formal withdrawals of the University of Georgia and the University of Tennessee were accepted at tonight's session.

Atlanta was chosen as the place of meeting for the next annual convention.

J. W. Provine, Mississippi College, was elected president for the ensuing year and E. T. Holmes, of Barnesville, Ga., was re-elected secretary and treasurer. District vice presidents were elected as follows: First, Henry E. Rains, the Citadel; Second, J. Clay Walker, Mercer; Third, D. M. Key, Millsaps College and Fourth, R. T. Hinton, Georgetown College.

The invitation of the University of the South (Sevante) to hold the annual track meet there in May was accepted.

The convention adjourned tonight. It was scheduled to hold a two-day meeting, but all business it was declared, was completed today.

JACK MARTIN SOLD

DAYTONA, Fla., Dec. 14.—Jack Martin, for the past two seasons manager of the Daytona, Florida State League team has been sold to the Seattle club of the Pacific Coast League according to an announcement today by President E. H. Armstrong, of the Daytona club.

Letters to Santa Claus

(The Bee today starts the annual publication of Santa Claus letters. Efforts will be made to publish as many as possible.)

Route 5, Danville, Va.
Dear Santa Claus:
I want you to bring me a harp, doll, trunk, a carriage and a drum, sparklers, fire crackers, confectionaries and anything you have for me. With lots of love
HAZEL PERKINS.

Danville, Va.
Dear Santa Claus:
I want you to bring a pair of shoes and a bicycle and some gloves and a suit of clothes.
Good bye,
ALBERT HUTCHERSON.

Danville, Va.
Dear Santa Claus:
Please bring me a harp, drum, ball, a bat and mitt and any toys you have to spare. Please bring me a pair of gloves, sweater, sparkler, fire works and some things good to eat.
With best love,
WOODROW PERKINS.

256 Virginia Ave., Danville, Va.
Dear Santa Claus:
Please bring me a cowboy suit and a big fat knife with a big fat sharp blade and anything else you will be good enough to bring. I will leave a orange and a penny on the mantel-piece for you.
Your little friend,
ARTHUR TAYLOR, JR.

849 Stokes Street, Danville Vt.
Dear Santa Claus:
I am a little boy not quite three years old. I want you to bring me a little red "beel" one that I can ride in, and an airplane that runs on the ground and a little toy monkey and just anything else you can think of for a boy my age. Also bring me plenty of candies, fruits, and other good things to eat. I will be a good little boy.
By Santa, from
LAURENCE K. FURGERSON, JR.

Sails To Find Out What Europe Teaches Children About World

Dr. Wallace W. Atwood, famous geographer, President of Clark University and Director of the Institute of International Information, has sailed for a tour of Europe, where he will investigate the methods used in teaching school children about other countries of the world, to be reported to the public in Our World, in a series of articles. This work is preliminary to the world conference to be held by the National Educational Association in June, and Dr. Atwood's findings will be discussed by educators of many countries in an effort to formulate a policy as to how coming school generations of all countries may come to an understanding that will serve as a basis for world peace.

Visits Harding

Major Mite, considered the world's smallest man, is shown here leaving the White House after visiting the president. Major Mite is 23 inches tall, weighs 22 pounds and is 15 years old.

BATTERS FEAR EHMKES' SPEED

NEW YORK, Dec. 15.—Who will win the most games in the American League next summer, Howard Ehmke or Rip Collins? These two players figured in the trade between Detroit and Boston. Ehmke seemed to have outlived his usefulness with Detroit. Collins, on the other hand, was just striking his stride at Boston. He won his last six starts.

Dear Santa Claus:
Please bring me a pony, baggy, pair of shoes, nice suit clothes, candy, apples, oranges and lots of nuts. I am six years old.
A little boy,
CARLTON PINNIX.

327 W. Main St., Danville, Va.
Dearest Santa Claus:
I was wild over the things you brought me last year and I certainly do thank you. This year I believe I want a little pearl necklace, and a pair of bald-bearing shoes. I would like a box of OYL-gnapples, Q. I like plenty of nice book and a box of stationery. I will be nine years old this month. I go to school at Randolph-Macon Institute and am in fifth grade. I like my teachers. I would like you to put a little money in my stocking. I would like a feather fan.
Your truest friend,
SARAH E. PIERCE.

P. S.—I wish you would bring my things to 409 Clay street, Franklin, Va., Southampton county.

ALL-EASTERN FOOTBALL TEAMS FOR 1922 AS SELECTED BY THE NEW YORK TIMES

First Team	Position	Second Team
Taylor, Navy	Left End	Gray, Princeton
Treat, Princeton	Left Tackle	Hanson, Cornell
Schwab, Lafayette	Left Guard	Cross, Yale
Rowser, Pittsburgh	Center	Culver, Syracuse
Welsh, Colgate	Right Guard	Hubbard, Harvard
Gullan, Brown	Right Tackle	Thurman, Penn.
Lynch, Dartmouth	Right End	Parr, Navy
Pfann, Cornell	Quarterback	Buell, Harvard
Kaw, Cornell	Left Halfback	Erickson, W. & J.
Smythe, Army	Right Halfback	Barchet, Navy
Owen, Harvard	Fullback	Wood, Army

EPISCOPAL AND CALVARY WIN

Episcopal defeated Mt. Vernon by the score of 24 to 12 in a fast game of basketball in the Y. M. C. A. gymnasium last night. Inability to shoot consistently seemed to be Mt. Vernons chief fault, together with a tendency to take long shots instead of working the ball up the floor. R. Ley was high scorer for Mt. Vernon, with 3 field goals and one foul goal. Home played a good defensive game and caged out five field goals. Episcopal Ruffin was high scorer with 3 field goals and four foul goals. Mobly caged 3 field goals. Nolan and Flynn also played well.

Episcopal	Mt. Vernon
Ruffin	Forward
Flynn	Forward
Mobly	Center
Wall	Timeley and Hagland
Nolan	Guard

Field goals: Ruffin 3, Flynn 1, Mobly 3, Nolan 2, House 1, R. Ley 2, Turner 3.
Foul goals: Ruffin 4 out of 5, Flynn 2 out of 2, Home 1 out of 2, Ley 1 out of 2.

Calvary defeated the Baptist boys by the score of 21 to 2.

R. Farley was high scorer with 6 field goals. Davis with 2 was next. Clark was the only Baptist able to score.

Calvary	Baptist
R. Farley	Forward
Dudley	Forward
Fairford and K. Farley	Center
Davis	Guard
Cooke	Guard

Field goals: Clark 1, R. Farley 6, Dudley 1, Fairford 1, Davis 2.
Foul goals: Davis 1 out of 2, Franklin 4 out of 2.

NEW CLEVELAND COACH IS STRONG FOR PENNANTS

CLEVELAND, Dec. 15.—Does the signing of Frank Roth to coach the Cleveland pitchers next year prophesy a pennant for Cleveland? The veteran catcher has played on many a team that has won a pennant. The name of Roth and pennant seem to work together very nicely.

Back in 1906 the Chicago White Sox, then known as the "Hillside Wonders," won the American League pennant. At a critical spot in the race, McFarland and Sullivan, the two crack Chicago pitchers, were put out of the running with injuries. Things looked bad.

Frank Roth was secured to fill the bill. He stepped right into the breach, and in a way assisted as much in winning the pennant that year for the Sox as did the pitching of Ed Walsh.

Roth then drifted back to the minors and has played on winning teams in many leagues.

Two years ago, Miller Huggins wanted a veteran catcher to handle his young pitchers. He secured Frank Roth. The Yankees stepped right out and won the two pennants, the first ever captured by New York in the American League.

154 W. Stokes St., Danville, Va.
Dear Santa Claus:
I will write you a few lines to let you know what I want for Christmas. I am a little girl ten years old. I would like to have a Bible with the Old and New Testament in it. I have a little sister—who is five years old; she wants a little girl doll that can open and shut her eyes. I have a brother also, he is two years old. He wants a kite. We all would like to have some confectionary too.
Yours truly,
ESSIE SEYMORE.

Purley, N. C.
Dear Santa Claus:
I am a little girl seven years old. I go to school and am in second grade. I have a little brother and three little sisters and we are expecting you to visit us on Christmas eve. Please bring me a manure set, a doll piano, a doll bed and a little ironing board and tub. William says please bring him a little set of tools, a ball and a little ball coat if you will tie him out doors for if you bring him down the chimney he might wake us up. Also bring him some fire crackers, sparklers and Roman candles. Please bring Ruby, Mildred and Rosebud a doll and bring us all some candy, nuts and plum, also oranges and apples. I will put some cake on the table for you. If I have asked for too many things you can just leave some off. I will appreciate anything you bring us. We have all been smart little children.
Your little friend,
ELIZABETH PLEASANT.

Dry Fork, Va.
Dear Santa Claus:
I am a little girl 10 years old. I go to school every day. I am in the third grade. Mamma says I may tell you what I wish you to bring me. Please bring me a doll table and some chairs, a work box and a doll and some candy, and apples, oranges and nuts and some fire works. I have two little sisters eight years old. Please bring them some nice toys too. Bring their toys just alike for they are twins. Please, Santa Claus, don't forget us. We will go to bed early.
Your little friend,
RUBY JONES.

D. M. I. OPENS ITS BASKETBALL SEASON TODAY

Danville Military Institute begins its basketball season at four p. m. today. The squad has put in some good practice, and is beginning to show considerable form. Though only one letter man from last year is available, Biggs, who was a good man, is showing up strong, and proving himself a helpful guard.

Duncan, Nicholas, Spessard, Martin, Tudor, Marshall, Perkinson, et al. and a number of others are all putting up good fights, and a full schedule has been provided for them.

Captain Funkhouser has given able assistance in the shaping of the team, especially in its defensive work.

Leaksville is reported to have a good quint, but this has only sharpened the spirit for the game which will be called at four p. m. today at Schoolfield Y.

SERIES HAS STIRRED UP MUCH TROUBLE

NEW YORK, Dec. 15.—The now famous tie game between the Yankees and the Giants in the 1922 series is said to be due for a thorough threshing out in the coming joint meeting between the two leagues.

The game was called at the close of the tenth inning with the score a tie at 3 to 3. The matter of calling the game rested entirely with the umpires.

At a conference between Hildibrand, a veteran of the American League, and Bill Klem of the National League who has been through almost a dozen series, a decision was reached that it was too dark to further continue play.

In all probability one more inning could have been played. Another inning would have probably satisfied the public. The umpires ruled, however, that it was too dark to continue play. In justice to the umpires it must be said that no one is in a better position to appreciate the difficulty of seeing on the Polo Grounds late in the afternoon.

After the game the crowd surged around Commissioner Landis and insisted he was in collusion with the umpires, that the game was called at his instigation.

Such a thing is absurd, but it evidently worried the commissioner, and at his request it was voted to give the entire receipts to charity in order to prove to the crowd that the money meant nothing to either league.

It is said that the handling of this matter in such a way by Commissioner Landis has since met with much opposition from club owners in both leagues. It is also hinted that much of the present jangling between the leagues and the commissioner dates back to the tie game.

"Umpires often err," remarked a prominent club owner in discussing the tie game. "Often during the season they call a game when the crowd believes it could be continued. This

is often the case when rain is falling. However, the fan's feeling in no way influences umpires or club owners.

My share of that tie game means nothing to me, but the decision to give the money to charity was a show of weakness on the part of baseball, a direct slap at the integrity of the umpires."

BROOKLYN TEAM TO START TRAINING MARCH

NEW YORK, Dec. 15.—Players on the Brooklyn National League club, will report to Manager Wilbert Robinson at Clear Water, Fla., March 1, to begin spring training, it was announced today.

SMART SKIRT

A smart skirt noticed on a girl from a front and back elaborately braided and pointed ends, with a high target of 122 out of a possible 150. Mrs. Burrell, of the field by a margin of eight points.

MRS. BURRELL, WINNER
PINEHURST, N. C., Dec. 15.—Mrs. A. T. Burrell, of Warrenton, Va., won the prize today in the annual contest of the Pinehurst Gun Club. Her score was 122 out of a possible 150. Mrs. Burrell, of the field by a margin of eight points.

A New Lounging Robe

Maybe friend husband's old one is getting pretty worn and thread bare. But chances are it will get a whole lot shabbier before he's think of replacing it himself. You can do it nicely for him by choosing one as a Christmas gift. Excellently tailored robes in silk mixtures are shown at popular prices.

RICH-MOORE, Inc.

COTTON MARKET EASIER FRIDAY

NEW YORK, Dec. 15.—The cotton market was easier today. The reactionary tendencies which developed as prices approached the 26 cents level during yesterday's trading, were more in evidence and appeared to be promoted by disappointment over the showing of Liverpool. Realizing at times that the market reached the lowest levels on the day in the late trading when January sold at 23.23 or 34 points net lower and 46 points below yesterday's high level. January closed at the low level, with the general market closing barely steady at net declines of 23 to 34 points.

The market opened steady at a decline of four to ten points in response to the disappointing cables. The initial offerings were all taken by overnight buying orders, part of which appeared to be for the trade and there were bulges of several points right after the call. They met with more active realizing for over the week, and however, and prices soon eased off again in consequence. After showing net losses of about 17 to 24 points, there were rallies during the middle of the afternoon on covering by December shorts, and the bullish sentiment. Some buying was also prompted by reports of firm spot markets in the South, but it was soon supplied and the market was weak

IN the later trading with December selling off to 25.09 and March to 25.47, or 22 to 34 points net lower on the general list.

There was no special change in the general character of the news that local traders were connected with the decline, and the early afternoon bulge in December was accompanied by rumors that some of the cotton arriving here recently would not be tendered this month. Western and Japanese interests were credited with selling more or less freely during the day, presumably in liquidation of long accounts. Private cables reported bull reselling in Liverpool, complained of a poor trade demand and said that Manchester accounts were less favorable. Reports of steeper spot basis were received from both eastern and western sections of the belt, but were without apparent effect.

CLOSING COTTON LETTER
Thomson & McKinnon
NEW YORK, Dec. 15.—After an advance of over a cent a pound on the low price of last Tuesday and of 1 1/2 to 1 3/4 cent from recent declines, the market showed signs of hesitation today. A natural disposition to take profits for over the week end was promoted by disappointing Liverpool and Manchester advices, and there also may have been an inclination to question whether recent advances in foreign exchange rates had not promoted over-optimism as to prospects for an early revival of export business. Otherwise, selling was restricted by reports of a firm spot situation in the south, and the realizing sales were pretty well absorbed on reactions of

some 20 to 40 points from yesterday's high level.

While the south may have cotton for sale on all advances, it is certainly doubtful if much of it will be available of declines. Pending further developments in the general situation, traders in futures are very well content to wait and see, and are buying on the declines or going cautiously in following the advances.

ST. PAUL, Dec. 15.—Low prices paid Minnesota and Washington growers of potatoes, apples and other crops are being somewhat offset at present by prices paid for dairy products which has brought thousands of dollars to the dairymen of this section.

LEATHER
PHILADELPHIA, Dec. 15.—Tanners are closely watching the foreign market for skins suitable for glazed kid leathers as signs of weakness are appearing in the foreign centers. Locally the glazed kid market is quiet today. Upper leathers are in fair demand, but sole leather is dull.

CHEMICALS
HUTCHINSON, Dec. 15.—The local soda ash plant of the Solvay Process Company of Syracuse, N. Y., which has been closed for a year will be reopened shortly employing several hundred persons.

Christen Baby Will Transfer Murphy

ELMONT, L. I., Dec. 16.—Mr. and Mrs. Patrick Henry Murphy have started a new style in christening children.

The kindergarten teacher in Elmont school uncovered it when she wrote them she thought their five-year-old son, Willie, was spoiling her when he said his name was William Transfer Murphy.

Mrs. Murphy wrote teacher this note:

"His name is William Transfer Murphy. His father was a motorman and I was a conductor. When William was born we couldn't agree on a middle name, but finally compromised on Transfer."

Now village gossip has the new style in names is spreading. A chef and a cook who recently got married have baptized their first born with the name John Maymores Green. Which immediately brought these name suggestions to a neighboring newspaper.

Lesson In Thrift By Mother of 16

Keeps Ten on \$8 a Week—

Arrested When Daughter Stays From School.

NEW YORK, Dec. 16.—Mrs. Dora Margowski, thirty-nine, of No. 153 East 121st street, has had everything out of life except happiness.

She has had sixteen children in seventeen years of married life, and it is probably just as well her husband has been in Central America the past four years. She has returned to the pitiful few rooms she calls home to find a fire raging, from a cause later analyzed as being one of the children hugging the body of the day who was ill, and thereby upsetting something on the stove.

She has known death stalking among her little brood and taking the flesh of her flesh and the bone of her bone, with none to tell her why. She has tried to struggle along on \$8 a week—and admits it has been hard.

Yesterday she appeared before Magistrate Alexander Brough to answer a charge of failing to send a daughter, Leah, fifteen to school, as required by the law, which is the only one of the visitations to the poor she had hitherto been spared.

"Leah has a weak heart and could have heart failure at any time," she told the magistrate simply, in the tone of a woman to whom it just never occurred that there were children who were not hindered in the enjoyment of life in some way.

"When they were all home I often bought eighteen loaves of bread a day and that made all we had to eat," she said.

It was pure and straight narrative. It was plain to all who heard her she had no grievance against life—at the best a dumb wonder.

"We had money once, but that was long ago. In 1898 I was sixteen and I married. This was in England. Margowski, born in France, had a house in London worth \$25,000. It wasn't long, however, before we sold the house and furniture to pay our debts. One of my babies died in that house."

"Margowski went to America, but he sent nothing home. How I lived I don't know. How I raised the money to bring myself and twelve babies here in 1916, dodging the submarines I don't know. But I raised it."

"Margowski an dour eldest boy are in Central America. He's still dreaming of millions, I suppose."

"My children have helped when they could. Most of the boys had to go to school, even when they had good jobs. My daughter, Leah, she wanted to go on the stage, so they sat around and waited for Lee and Dave Arthur to make them an offer."

"Hebrew societies have five of my children—four girls and a boy. I see them every week, but—well, I suppose they should be happy."

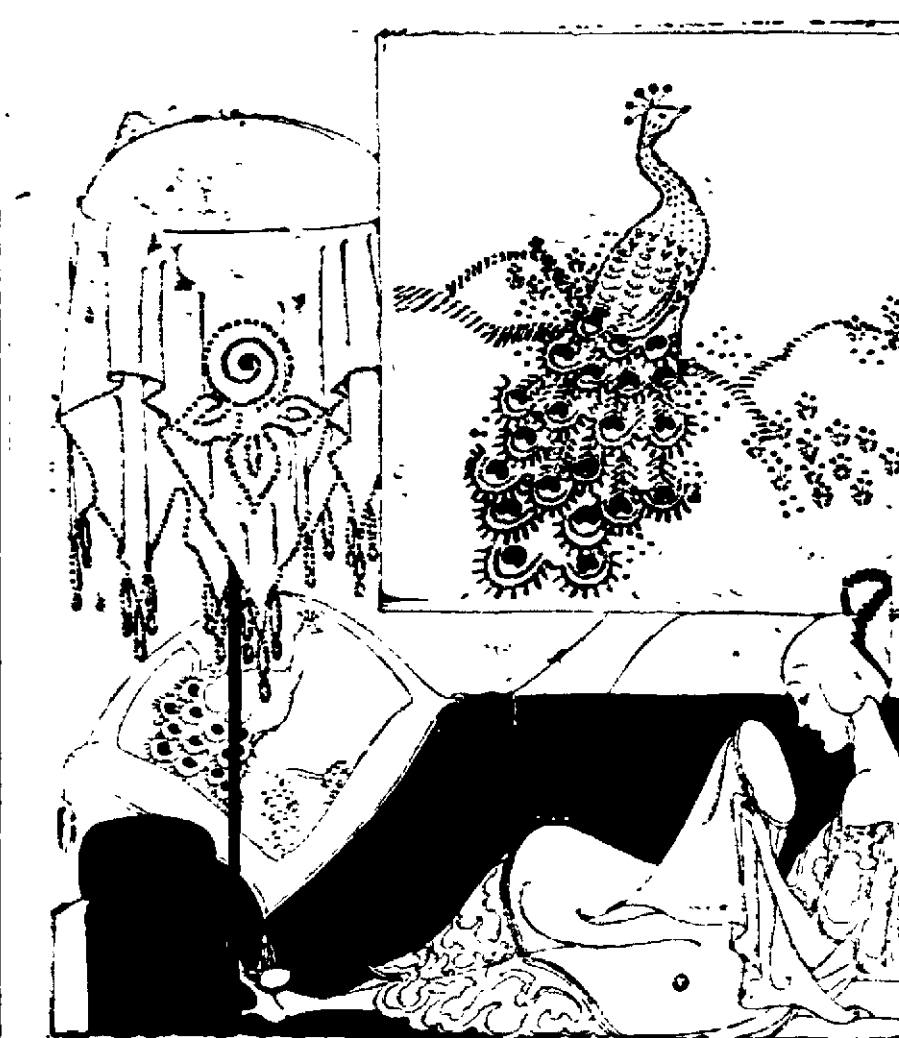

Mrs. Margowski has most decided views about birth control. She just doesn't believe in it, that's all.

AUTOMOBILES

CLEVELAND, Dec. 15.—One of the leading local automobile manufacturers announced today that enough firm orders had been received from dealers to run the factory at capacity for the next four months, at the rate of about 1,000 cars a month.

ATLANTA, Dec. 15.—About 20,000 more automobiles were licensed in this state this year than last, and dealers reported today a heavy demand for closed models for holiday gifts. Filling stations are growing up quickly in many sections and the trade in general is holding up remarkably.

Plain Needlework Elaborate Effect

NOT the least attractive feature of these new lamp shades and pillows is the ease with which they are made.

The shade is merely a piece of silk draped over a wire frame such as one can buy in any department store. The transfer design is worked out in beads, and small loops of beads weigh down the folds. The silks are the newest shades and very attractive.

To recline comfortably in the glow shed through this lamp shade, however, one needs such an accessory as the brilliant peacock pillow.

This and other designs like it are recommended for Christmas gifts because of their simplicity. The elaborate effect is given by single stitches covering all the short lines. The rest of the pattern being worked in with satin-stitch and buttonholing.

The newest pillows are made of black satin, and peacocks, pheasants and parrots are the favored designs because their brilliant colors show to advantage against the dark background.

Another Woman Figured in Slaying of Pretty Stenographer in Capital

RICHMOND, Va., Dec. 15.—Declaring they have definitely established that "another woman" figured in the slaying of Mrs. Thelma Hamm Richardson, pretty stenographer who was shot at the home of her former employer, Thomas Pollard, Monday night, police detectives tonight centered their attention upon the four cardinal elements which they believe hold the solution to the case.

These four elements, briefly summarized, are:

First: Ownership of the two pistols handed the police at the Pollard home on the night of the killing.

Second: The extent of Pollard's relations with the "other woman."

Third: Whether Mrs. Richardson was left-handed or right-handed.

Fourth: Whether Pollard shot the woman and, if so, was the shooting deliberate or accidental.

The detectives also are investigating a rumor that Mrs. Richardson had threatened the life of Pollard on at least two occasions. This theory was advanced today, but the police evidently are not inclined to put much faith in it, although they discussed it very little.

While declining to make known the name of the "other woman" they claim figured in the killing, the stenographer, the detectives estimated today that they are confident of solving the mystery through this "lead."

The pointed out that a desperate jealousy may have caused Mrs. Richardson to go to the Pollard home Monday night, seeking "an understanding" with the man.

Continuing their efforts to establish ownership of the two .32 calibre revolvers which figure in the case, the detectives today learned that Thomas Pollard secured a permit to carry a weapon concealed. The permit was issued on October 13, two months before the killing. Pollard's reason for securing the permit is not known. Records in Hastings court fail to show any reason. There is no record of a permit being granted Mrs. Richardson.

Thomas Pollard maintains the sphinx-like silence which he adopted on the night of the killing. He has made no statement regarding the case and his attorney, Itham M. Smith, thus far has declined to discuss the case with newspapermen.

Whether Pollard will tell his story at the preliminary hearing set for December 23, is a matter of conjecture, and as the days slip by his probable defense of the charge of murder against him becomes less clear.

J. Mosby West, held as an accessory to the killing, also is silent. The only statement West has made regarding the case was during his testimony at the latest Wednesday, and the police frankly say they do not believe the man has told all he knows about the trip to the Pollard home with Mrs. Richardson and the subsequent killing of the young woman.

Another phase of the case which is sharing the attention of the authorities, is the dismissal of Mrs. Richardson from her position in Pollard's office about two weeks before the tragedy. So far, the detectives have not learned the cause of her dismissal.

In this connection, the police attach much weight to the scrap of a letter found on Mrs. Richardson's person on the night of the killing. The letter apparently was written by a woman friend, and contains these sentences:

"Hamm, I swear I wouldn't take him back if he got divorced. His knees and begged me to. I don't believe any man could make me miserable and get away with it."

CHATHAM NEWS

CHATHAM, Dec. 15.—Mr. John Daniel Coleman one of the oldest citizens of this place passed away at his home here at 7:30 Friday morning after an illness of many months. He was born in this county little more than eighty-seven years ago and the greater part of his life was spent here. For many years he was cashier of the Planters Savings Bank of Chatham in which position he continued until compelled by age to retire about eight years ago. He was a devout member of the Chatham Baptist church and while in active life was always in his place at all services. He is survived by two sons, William T. Coleman of Cascade, Pittsylvania county, Geo. Coleman of the western part of Virginia and one daughter, Miss Lizzie Coleman of this place and one brother, George Coleman of Danville. The funeral services will be in the Chatham Baptist church on Saturday afternoon, Rev. T. Ryland Sanford officiating and interment will be in the Chatham cemetery.

This week closed the Co-ops having made it the red letter week since the market opened, the receipts for the five days exceeding half million pounds. Prices are holding firm and farmers are well pleased. The Co-ops will on Wednesday next close for the holidays.

Mr. John R. Mitchell who passed away at his home near Callands Thursday, was laid to rest in the family burying ground on Friday afternoon. He leaves his wife and one son Dr. Howard L. Mitchell also a large family connection.

HOPE SPEEDY MEETING BELFAST, Dec. 14.—(By The Associated Press.)—Hope for a speedy meeting between the representatives of Ulster and of the Irish Free State to reach an agreement on the question affecting both sections was expressed by the Duke of Abercorn, the new governor of northern Ireland, in his first speech to the Ulster House this afternoon.
